Interesting.. But too long !
Le't's simplify...

Better !
Le't's continue...

Finally, insert “Frame” or “Floating frame” seems to be “advanced” commands.
And do we insert “Movie and sound” very often ?

Seems to be a good version

INSERT MENU (v3)	State	Action
Page Break	NEW	Direct insertion of default page break (command already exists)
Table...		
LO Spreadsheet	NEW	Direct insertion of LO Spreadsheet (NEW COMMAND)
LO Drawing	NEW	Direct insertion of LO Drawing (NEW COMMAND)
LO Chart	rename	
LO Formula	rename	
Picture...	NEW	std open file (command already exists)
Footnote/Endnote...
